Checkpoint 4 Sprint D 04-06-2021

Worked on the desktop notification and making the status icons update via SSE. it was done but took longer than it should have.

Tsanko has been a good team person through out the sem. this sprint he made the status of the visitor work. He works hard and gets his stuff done. overall really great dude to have in a group.

Made impressive functionality

Did a great job on the icon updating upon visitor arrival

Good work on implementing auto updates for status icons.

Checkpoint 3 Sprint C 13-05-2021

I finished my assignments except for the desktop notifications which was implemented but not automated. I wish I managed my time better so I didn't have to take away time from my personal project to w... [Read more](#)

good job on status icons and popup notification.

Tsanko as always did his best and made the best desktop notification system that we could have asked for.

Completed all tasks on time. Didn't shy away from taking on tasks.

You did a great job as the scrum master, just remember to keep in contact with Gupta so she stays up to date with our progress.

As our sprint master he was good at communicating with the team and coordinating as well as working on the code and implementing important tasks the client asked for. Could be more strict about deadli... [Read more](#)

I did my assignments in time and feel more confident working with react. Helped people when they needed help. Could've talked more during meetings.

good jon on table editing function.

active when needed, fixed problems swiftly

Completed responsibilities given. Good teammate. Doesn't shy away from taking on responsibility.

One of the best team player I have seen in the uni. He also helps others with their query and does work assigned to him remarkably. He has excellent communication skills and will not ignore any questi... [Read more](#)

Good at solving problems and good with git
